AKASH POLY PLAST

An ISO 9001 : 2015
Certified Company

www.akashpolyplast.com

About Us.:

Akash Poly Plast was envisioned & incorporated in the year 2016, in the industrial hub of the city of Ahmedabad, Gujarat with an adequate expanse of manufacturing facility equipped with the latest ultra modern hi-tech machineries with zero intolerance for the development & manufacturing of a wide range of sanitary products made from P.T.M.T. Symet, one of the most versatile material acknowledge in the world today. P.T.M.T. Polyetra Methylene Terephthalate has reformed the plastic age & is now the foremost material to be incorporated by leading manufacturers. We also specialize in the manufacture of CPVC Ball Valve, UPVC Ball Valve, RVPC Ball Valve. The precise technical staff are trained to maintain a conscientious production schedule.

The company has been conferred with the prestigious ISO 9001:2015 certification for its ingenuity in this respective domain.

PRODUCT CATEGORY

- PVC TAPS
- WEST PIPE
- P.T.M.T. TAPS
- BALL VALVE
- HEALTH FAUCETS
- FLOOR TRAP
- SHOWER
- OTHER PRODUCTS

Work Philosophy / Management :

Innovations & the innovative concepts design and the final modern day products are the order of the day, We at Akash Poly Plast stringently adhere to the above motto & offer the Prime & exquisite range of sanitary hardware products to successfully satisfy the exclusive choicest demands of the customer / consumer.

All products are user friendly. The costing with all due consideration are ergonomically worked out to offer the best competitive price.

The company does not compromise on quality while procuring the highest quality raw materials from authentic suppliers.

Infra-Facility :

We have an in-house established efficient infrastructure for R & D division for diligently testing the procured materials and the manufactured products for the best ultimate quality.

We have a pristine system & facility for warehousing / storage & packaging. The finished products are packed using superior quality packaging material to ensure complete safety during transportation.

We maintain a high degree of engineering excellence to achieve precision given dimensions, ensure it is crack resistant. The products are highly durable and are light weight facilitating easy installation.

Acknowledgment :

Our marketing team and after sales engineers provide the best services & solutions & remain alert for total satisfaction of our valued customers. Our moderate claim & commitment is enhanced by an enviable list of acclaimed clientele who are more than satisfied and have acknowledged their 'Total Trust' in us.

We have very successfully balanced the concomitant aspect of the market demand and the production plan & targets, thereby, assuring an exponential growth.

The need of today is to go 'Above & Beyond' to reach our valued patrons of tomorrow. We remain dedicated to move to our future on a fast track.

We Build Brands Products

with high durability and grade engineering polymers.
